COMMENCEMENT SPEAKER
Terry Bassham
Chairman, President and Chief Executive Officer
Great Plains Energy and Kansas City Power and Light Co.

Terry Bassham is the chairman, president and chief executive officer of Great Plains Energy and Kansas City Power and Light Co. Prior to being named to his current position in June 2012, Bassham served as KCP&L’s executive vice president of finance and strategic development and chief financial officer, and most recently as executive vice president of utility operations.

He was instrumental in leading KCP&L through its comprehensive energy plan, an ambitious initiative that included building 100 megawatts of wind power, installing environmental retrofits at several generating facilities and constructing KCP&L’s Iatan (Mo.) Generation Station Unit 2, an 850-megawatt coal-fired power plant. Bassham also helped transform KCP&L’s business through the sale of Strategic Energy and the acquisition of Aquila, which doubled the company’s workforce and significantly increased its service territory.

Before joining KCP&L in March 2005, Bassham served as executive vice president, CFO and chief administrative officer for El Paso (Texas) Electric Co. where he oversaw the financial, treasury, regulatory and administrative functions. He joined EPEC in 1996 as general counsel with responsibility for legislative affairs, regulatory affairs and corporate governance.

Active in the Kansas City area community, Bassham serves on several boards, including Guadalupe Centers Inc., the Kansas City Symphony, United Way of Greater Kansas City, Greater Kansas City Chamber of Commerce, Civic Council of Greater Kansas City, Linda Hall Library and win/win, an initiative of Central Exchange.

Bassham earned a Juris Doctor degree from St. Mary’s University School of Law in San Antonio, and a Bachelor of Business Administration degree in accounting from the University of Texas at Arlington.

ACADEMIC ROBES AND REGALIA

The pageantry and color of an academic convocation come from medieval Europe where academic robes and regalia were adapted from Ecclesiastical garb. Most robes are black to symbolize the democracy of scholarship, since they cover any dress indicating social standing worn beneath. Bachelors’ gowns are cut with long, pointed sleeves, while masters’ gowns feature closed, slit sleeves. Doctoral gowns are full-cut with double-belied sleeves and bars of velvet trim.

The hood, originally a simple cowl attached to the gown, bears the heaviest symbolism of the academic costume. The bordering color indicates the field of learning in which the degree is earned. The square cap, or mortarboard, originated in the 13th century at the University of Paris and came to England in Tudor times. Round caps originally were reserved for doctoral degree holders. Doctoral tassels are usually gold, with other degrees represented by black. However, in recent years, tassels have come to match the lining of the hood to indicate the field of learning. The Honors Medallion symbolizes completion of the Honors Academy which involves independent development of projects with the assistance of faculty mentors. Alpha Chi is the highest honor society at Park University and encompasses all academic areas. The stole is worn as an indication of this recognition.

The Alumni Association Welcomes You

Please accept my heartfelt congratulations upon your graduation from Park University. I am sure that it has been a long, hard road. I assure you, however, that the journey was worth it.

On behalf of Park’s Alumni Council, I would like to welcome you to the Park University Alumni Association. We strongly encourage you to become involved in alumni activities throughout the year. At the very least, we urge you to keep in touch. You can do so by contacting the Office of Alumni Relations via telephone, mail, or e-mail, or at www.park.edu/alumni.

The mission of the Park University Alumni Association is to provide opportunities for continual networking and enrichment for all alumni. Please let us know how we can best serve you, our newest member.

Again, congratulations. I know that you will represent Park University well in whatever you do.

Toni Madeira, ’88
President
Park University Alumni Association
WE HAVE THE ANSWER TO YOUR NEXT EDUCATIONAL STEP

Accessible
Park University meets the growing demand for career-enhancing education by offering a variety of master’s degrees and certificate programs with a practical focus, high academic standards and flexible course scheduling to meet the challenges faced by today’s professionals.

Affordable
Graduate students enrolling at Park University can complete their degrees in traditional face-to-face classes, online or in a combination that suits their needs and enhances their educational experience. Our goal is to keep your advanced degree journey as convenient as possible for you. Regardless of your daily demands, Park’s variety of classes and flexibility of schedules will meet your needs. Park’s tuition rates are especially competitive, considering Park’s academic excellence.

Accredited
Park University is accredited by the Higher Learning Commission of the North Central Association of Colleges and Schools.

Please contact the Park University School for Graduate and Professional Studies at gradschool@park.edu or (816) 559-5625 for questions about Park’s graduate degree and certificate programs.

One Future. Yours. Park University.

PARK’S PROMISE
Serving those who serve their community and country with personalized, globally-relevant education for life.
PARK UNIVERSITY

Founded in 1875 in Parkville, Mo., a suburb of Kansas City, Park University has developed into a comprehensive, independent institution that is a national leader in higher education. In 2000, Park achieved university status and now serves more than 18,700 students annually at 42 campus centers in 21 states and online, including campus centers in Parkville, Independence and Kansas City, Mo.; Austin and El Paso, Texas; Barstow and Victorville, Calif.; and military installations across the country.

Serving an ethnically diverse student population and non-traditional adult learners has, for many years, been central to Park’s educational mission. Even in its first year, Park University enrolled women students as well as men, something that was unusual at the time; and two of the original 17 students were Native Americans. Park was also an early integrator when it welcomed African-American students to live in Park’s residence halls in the 1950s.

Park continues to increase access to higher education by offering the quality undergraduate and graduate degrees students desire at locations, times and delivery formats that best serve their needs. The University has been ranked as the No. 1 value among private colleges and universities by Parents & Colleges, an online resource for parents of college-bound students, and has been ranked the seventh-most affordable private university/college in the nation, and first in the Midwest, for tuition and fees, according to U.S. News and World Report. In addition, the University has been selected to the Colleges of Distinction list for four consecutive years.

Providing such access has developed considerable diversity among the student population, with more than 430 international students from 65 countries, and a 41 percent student representation from racial, ethnic and cultural groups typically underrepresented in colleges and universities. The University has repeatedly been recognized as one of the top 100 American colleges/universities in the nation graduating Hispanic, African-American and American-Indian students. In addition, extracurricular activities and championship-caliber athletic programs complement Park’s outstanding scholastic programs.

Park University offers numerous degree programs online, and it maintains a long-standing relationship with the U.S. military for which it has been recognized as one of the largest providers of online undergraduate education to military learners worldwide. Since 2009, Park has received international recognition each year by Military Advanced Education magazine as one of its “Top Military-Friendly Colleges and Universities,” citing Park’s “innovative academic degree programs steeped in excellence.” In addition, Park is ranked No. 4 among all private colleges/universities in the country as “Best for Vets” by Military Times magazine.
Mission Statement

Park University provides access to a quality higher education experience that prepares a diverse community of learners to think critically, communicate effectively, demonstrate a global perspective, and engage in lifelong learning and service to others.

Vision Statement

Park University, a pioneering institution of higher learning since 1875, will provide leadership in quality, innovative education for a diversity of learners who will excel in their professional and personal service to the global community.
